

Racing Double

A bet on two horses to come in first in two separate races.

Treble – for three horses to win in three separate races.

Forecast – a bet on two horses in the same race to come first and second.

Tricast (or Trifecta) – a bet on three horses in the same race to come first, second and third in a specified order. A Combination Tricast is when the three horses chosen need only finish in the first three but in any order.

Winning Distances

A win is a win, but it can be by a Nose, a Short head, Head, Neck, half a length, three-quarters of a length, a length, several lengths and a distance, which is when a horse wins by an enormous margin.

(see **Judge** page 84, **Camera** page 32, 85 and **On the Nod** page 33).

Nose

Short
head

Head

Neck

Half a length

Three-quarters
of a length

A length

Also Ran

Term used for the rest of the field (the other horses in the race) that finish, but not in the top placings (ie. they didn't come first, second, third or fourth).
